During its meeting on January 14, 2016, the Campus Environment sub-committee reviewed feedback from the Strategic Plan website and the previous brainstorming session related to the topic of **Welcoming**.

The sub-committee met in the Gold Room of the Memorial Union from 2:00pm – 4:00pm.

After a review of the shared understanding of the sub-committee charge, and the strategic goals and accompanying action items from the January 6th meeting, members were asked to prioritize the information that was received related to a “welcoming campus environment”. After discussion, the information was synthesized and a strategic goal with accompanying action items was developed.

Following the discussion, there was a brief notation about the next meeting dates, the agenda topic and the meeting was adjourned.
