Made It Through the Funnel

- **HF 468 - Dental and Medicine Admissions** – Require not less than 75% of the students accepted at the Colleges of Medicine and Dentistry at the University of Iowa be residents of Iowa or persons who prior to applying to the College of Medicine or Dentistry were enrolled in a community college in Iowa, an accredited private institution in Iowa, or a Regents university. *On Senate Calendar for debate.*

- **HF 744 - Free Speech** – Would provide for first amendment rights training, prohibitions, and requirements at or by school districts and public postsecondary educational institutions. *Back to the House with a Senate Amendment.*

- **HF 746 - Veterinarian Malpractice** - This bill would provide a statute of limitations for an action brought for professional negligence or malpractice against a person licensed to practice veterinary medicine. *Approved for the final time and sent to the Governor*

- **HF 802 – Racism and Sexism Training** – The bill is on the Senate Calendar for debate. The bill would prohibit mandatory training by school districts, public postsecondary educational institutions, all of state government and local government to include:
  - That one race or sex is superior;
  - That the U.S. or Iowa are racist;
  - That an individual could be systematically or unconsciously racist, sexist or oppressive due to their race or sex;
  - That an individual is responsible for the actions of others of the same race or sex;
  - That individuals should feel uncomfortable or guilty about their race or sex.

- **SF 183 - Design Build** – Would prohibit any governmental entity from entering into a design-build contract for the construction of a public improvement. *On House Calendar waiting for debate.*

- **SF 402 - Technology Censorship** – The bill as amended would require contracts with large tech companies entered into by the Board of Regents to contain a provision to allow the Board to sever the contract if the company has been determined in court to have violated a person’s first amendment rights. *This is a Ways and Means bill so not subject to the funnel.*
Did Not Make the Second Funnel

- **HF 496 - Tenure** – The bill would prohibit the establishment or continuation of a tenure system at the Regents universities for any employee.

- **HF 623 – Veterinarian Protections** – The bill would provide that a licensed veterinarian is immune from administrative, civil, or criminal liability for actions taken while assisting in the investigation or prosecution of another person for animal mistreatment.

- **SF 245 - Name Image Likeness** – The bill would allow a college athlete to enter into contract providing compensation to the athlete for use of the athlete’s name, image, or likeness rights, or athlete’s reputation.

- **SF 478 - Free Speech** - This bill would provide for first amendment rights training, prohibitions, and requirements at or by school districts and public postsecondary educational institutions.
Appropriations Bills

- **House Education Appropriations – HF 868** - No new funds for Regent Universities; Freezes tuition for Regent Universities. On House Calendar.
